

ADVANCED GROWTH MINDSET

FOR THOSE WHO WANT TO KNOW MORE

- Has your school been implementing growth mindset strategies for more than 2 years?
- Do you want more practical and proven strategies?
- Do you want CPD that explores the latest research in depth?

Bradley Busch is a HPCP registered Psychologist. With extensive experience working in schools, he is a leading expert at helping students develop their mindset. Outside of education, Bradley has also helped members of Team GB win medals at London 2012 and Rio 2016.

- Explore strategies that help imbed a 'whole school' growth mindset culture
- Understand the nuanced and complex thought processes that result in fixed or growth mindsets
- Improve your understanding of which growth mindset interventions work and why
- Bringing parents on board
- Measurement and tracking issues

COURSE DATES & LOCATIONS

5th July 2017 London

"It was great to see the theory in practice - very interesting and great techniques."

VM - Head of Sixth Form

"I really value the time to talk to other teachers and put the theories into 'school context'"

GD - Teacher

"It was backed up by so much research and evidence."

JM - Teacher

"The ideas covered sparked so many good discussions."

LM - Head of Lower School

"I loved the high quality activities and resources, the opportunity to talk, the relaxed and engaging facilitator and the practical ideas."

JM - Deputy Head Teacher
