

THE SCIENCE OF LEARNING

UNDERSTAND THE BRAIN, TRANSFORM YOUR TEACHING

- Help students improve their memory, concentration and mindset
- Understand how the adult and teenage brains differ
- Explore the latest research in psychology and neuroscience
- Create an environment that reduces the fear of failure

Bradley Busch is a HCPC registered Psychologist. With extensive experience working in schools, he is a leading expert at helping students develop their mindset. Outside of education, Bradley has also helped members of Team GB win medals at London 2012 and Rio 2016.

Practical strategies to help your students:

- Improve memory
- Enhance motivation, effort and self-control
- Study independently
- Overcome procrastination
- Manage stressful situations
- Understand the importance of sleep

COURSE DATES & LOCATIONS

29th Jun 2017 London

"It was a really great day and so helpful. Thanks so much for running it. The next day's assembly went very well thanks to Bradley's ideas!"

EM - Head of Year

"I really enjoyed the workshop; it was very informative and I've already used some of the ideas from it."

JM - Teacher

"We have had such fantastic feedback from the staff who came to hear you speak last week."

MB - CPD Coordinator

"I enjoyed the sessions a lot and I will definitely implement some of the strategies in my role as head of sixth form."

MD - Head of Sixth Form
